# TAXI wall FAHRTEN

## What remains of this monument to the division of Germany?

On this taxi tour you'll have the opportunity to explore where the border used to run. With tour guide Thomas-Dietrich Lehmann history and stories will come alive at places where remains of the old border can still be seen.

The route runs from Bernauer Straße through the Invaliden cemetery and the government district with the Brandenburg Gate, across Potsdamer Platz and the former border crossing of Checkpoint Charlie to the Schlesisches Busch. On the way back we will take in the East Side Gallery and the former border crossing at Bornholmer Straße, where the barrier was raised for the first time on 9 November 1989.
